

Parental Consent Form

I understand that in the Vail School District a Senior Exit Project (SEP) is required in order to graduate from high school. This project counts as .5 credits and will have to be completed independently by the student. The advisor and the mentor will assist, and the student may log on to Schoology for deadlines, sample of work, etc.

As a Parent/guardian of Yuehuen (Canyon) Li, I am aware that my son/daughter must complete and pass the three phases of the Senior Exit Project which include the research paper, the project (minimum of 24 hours) with portfolio, and the presentation. My child must pass each component with a 70 percent or better.

For the actual project, my son/daughter has chosen to complete the following project: **(describe his/her project in as much detail as you can in the space provided)**. Ensure that you are aware of expenses, or other special needs the project may require. Consult with you son/daughter if you have any concerns. The senior project is mandatory, but your son/daughter may choose the topic.

"Tech Insight Studio", founded by my son Canyon Li, offers high-quality free resources (notes & online classes) focused on AP STEM subjects like Physics, Chem, and Calculus. He and his team are dedicated to helping high school AP students grasp academic concepts, and develop critical thinking, while making learning more affordable.

My son/daughter has my permission to complete the project stated above and I agree to release Vail School District and its employees from all claims arising from financial obligation incurred, or damage, injury, or accident suffered while my son/daughter participates in the project that he/she has chosen.

Name of parent/guardian(Print) Yi Li

Signature of parent/guardian 李益

Date 09/04/24 Student's Signature: Canyon Li

This form must be signed and returned to the SEP advisor before undertaking major efforts of the project. The topic must be approved by the parent and by the SEP advisor prior to beginning work on the project.

Vail Academy and High School urges seniors to consider the safety and financial consequences when selecting a project. Illegal, immoral, dangerous, or projects that violate school rules will not be approved.
